To all IFSI members

Frankfurt, 29 Aug 2020

For the first time since the outbreak of the coronavirus pandemic, the IFSI Executive Board held a meeting in Frankfurt am Main on 29 August 2020.

The following decisions were taken:

1. IFSI Congress 2021 in Russia

Due to the persistent coronavirus pandemic, the IFSI Congress 2021 in Russia unfortunately has to be postponed by one year. Instead of 13 – 20 March 2021, the Congress will take place in **Rosa Khutor, Russia from 12 to 19 March 2022.**

2. General Assembly

The General Assembly to be held during the Congress has also been postponed and will take place during the 2022 Congress. A written invitation and agenda will be sent to all members in autumn 2021. The current members of the IFSI Executive Board remain in office until the next General Assembly, as per decision of the Board and in conformity with the Statutes.

3. Mandatory further training

The IFSI Executive Board recommends that the deadline for all mandatory further training as stipulated in item 6 of the Basic Guidelines should be extended by one year if further training courses had to be cancelled in 2020 due to the coronavirus pandemic.

With sporting regards
the IFSI Executive Board
